2009 CHARGES FOR LEISURE VESSELS (All incl VAT)

Note: Leisure vessels are now charged 'per metre' based on the overall length of the vessel, as do most other harbours in the north and the islands. Periods afloat and ashore can start and finish at any time throughout the year as required.

Tables 1 and 2 show the metreage rates to be charged for serviced and unserviced marina berths, subject to a 5 metre minimum length charge. Consumption of water and electricity on serviced berths is charged on 'usage'.

Table 3 shows the metreage rate for unserviced 'quay wall' berths, subject to a 5 metre minimum length charge.

Table 4 shows the metreage rate for Visiting Training Vessels.

Tables 1 & 3 also show the metreage rate for **onshore storage** on WHA land, subject to a 5 metre min. length charge.

These rates will also apply to vessels engaged in commercial leisure activities, with a discounted 50p per passenger surcharge.

See our 'Terms and Conditions' document for details of payment methods and discounts available.
