

Port Information Notice

(No.2 of 2018)

DATE: 5 DECEMBER 2018

WICK HARBOUR

(CHART 1462 REFERS)

Latitude 58° 26' North Longitude 003° 04' West

Please be advised that work to dismantle the steel tower on Commercial Quay is due to start on Thursday 6th December 2018, weather & conditions permitting and is expected to take up to two days to complete.

Working hours are expected to be between 0830 to 1630. During this time access to Commercial Quay will be limited to authorised persons only. The barrier at the entrance to the quay will be closed during operations, however it will be manned, and access allowed during safe entry times.

If not at sea, windfarm vessels will be vacating their berths on the pontoons during those hours and utilising the Outer Harbour to berth.

This contract is being carried out by Simpsons and a copy of the Risk Assessment and Method statement is available on request.

Vessels manoeuvring at the west end of the Inner harbour are requested to call Wick Harbour on Channel 14 for clearance to move during operations.
