

## **Port Information Notice**

(No.1 of 2020)

**DATE: 16 JUNE 2020**

### **WICK HARBOUR**

(CHART 1462 REFERS)

Latitude 58° 26' North      Longitude 003° 04' West

Please be advised that work has commenced in the River Harbour to install a ladder at the fuel bunkering facility. This work is likely to continue over the next 3 weeks (not necessarily continuously).

The bunkering service will remain open as normal during the works period. However, it is requested that vessels wishing to use the facility, liaise with the Harbour Office and give prior notice and estimated time that bunkering will take place. This will give the workmen time to ensure the area is made safe and accessible to boat crews.

Thank you in advance for your co-operation.

Ian Cormack  
Deputy Harbourmaster
