# Notice to Mariners

Pentland Floating Offshore Wind SEAWATCH LiDAR Buoy

189802-NtM-002(03) | 18 March 2022

Final

---

# 1. Notice to Mariners

Mariners are advised that Fugro are planning a service of a SeaWatch LiDAR Buoy (SWLB).

The buoy location is within the UK Sector of the North Sea off the north coast of Scotland, as shown in the coordinates in Table 2.

The buoy is planned to be recovered the 21st of March and towed onshore to Scrabster Harbour for service while replaced with a temporary marker buoy with yellow light, marking the mooring left on site.

Table 1: Temporary marker buoy, light flash sequence

Flash Code	On [s]	Off [s]
Yellow, 30 flashes/min	1.25	0.75

The equipment is to be recovered and deployed by a single vessel. Deployment will take one day on site, 3 days service onshore and one day re-deployment on site. Re-deployment immediate after service is dependent on weather and vessel availability.

## 2. Area of Operations

The equipment is located within 250 m of the licenced position, provided in Table 2 and Figure 2.1.

Table 2: SWLB deployment coordinates

Name	Latitude [WGS84]	Longitude [WGS84]	Depth [m]
Deployed Position	58° 39.1681' N	003° 52.2681' W	86

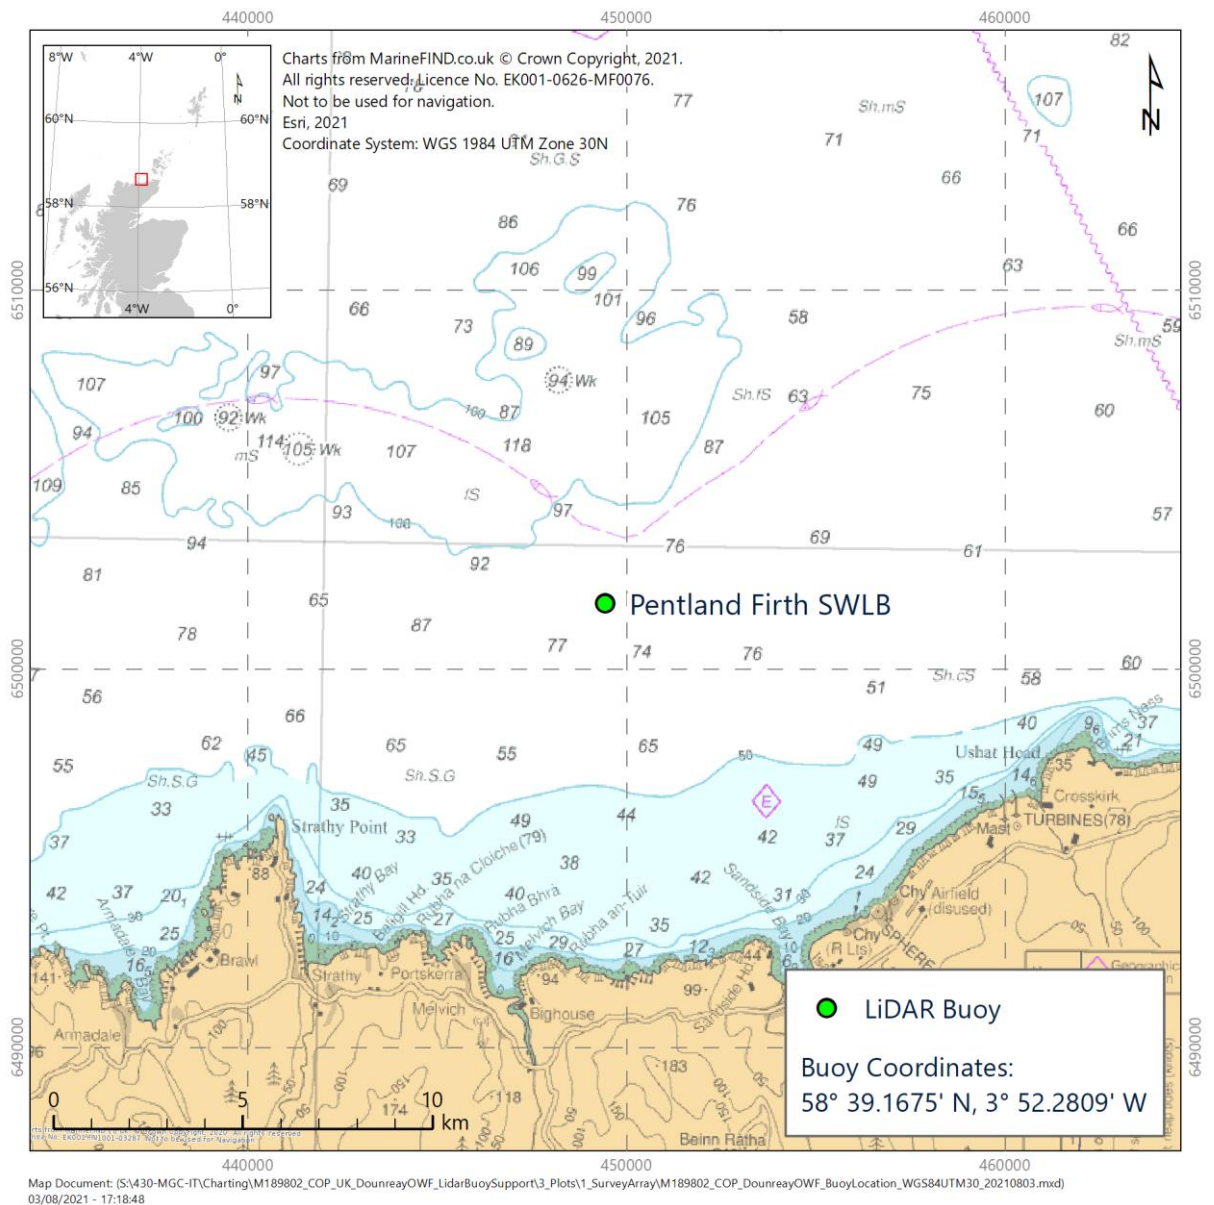

Figure 2.1: SWLB licenced position

### 3. Immediate Contacts

Enquiries regarding the contents of this Notice to Mariners or any other matters should be directed to the persons outlined in Table 3.

Table 3: Contact persons

Role	Name	Contact Details
Fugro Project Manager	Lars Fogelin	+47 9241 0056 <a href="mailto:l.fogelin@fugro.com">l.fogelin@fugro.com</a>
