WICK HARBOUR

(CHART 1462 REFERS)

Latitude 58° 26' North Longitude 003° 04' West

Please be advised that Emergency Stabilisation Works are to proceed at the Outer Harbour entrance, beginning 30th November 2023. This work will initially take place on the external face of the harbour wall and will comprise of placing cut stone to fill the existing voids and openings. Work will be undertaken from a low level working upwards and will involve a combination of pontoon, man basket and possibly divers. When/if divers are utilised the appropriate signals and warnings will be displayed & transmitted.

All vessels are requested to call on VHF Channel 14, stating their intentions and movements, and to navigate with care at slowest possible speed, consistent with safe navigation when transiting the working area.

Vessel skippers are to follow any instructions conveyed by Wick Harbour Authority. Please be aware there may be occasions when a short delay in entering or leaving the harbour will occur and your assistance in this matter is greatly appreciated.

Wick Harbour can be contacted on VHF Ch14, or by telephone on 01955 602030 (24Hours).

Expected duration of works will be approximately 3 weeks.
