## **SURVEY OPERATIONS**

### **WICK RIVER HARBOUR & NAVIGATION CHANNEL**

NOTICE IS HEREBY GIVEN that commencing Wednesday 7th February 2024, bathymetric survey operations will be carried out within Wick River Harbour Basin and Navigation Channel by the Unmanned Surface Vessel (USV) **X-21**.

The vessel will display the appropriate lights and day marks in accordance with the International Regulations for Preventing Collisions at Sea. Wick Harbour will maintain a listening watch on Marine VHF Channel 14 throughout the survey operations.

Operations are expected to take up to three hours.

Masters and others in charge of craft are requested to navigate with caution in the vicinity of survey operations, keep well clear of the survey vessel and pay strict attention to information issued by Wick Harbour Authority.

Priority should be given to the movement of the survey craft at all times.
